

Quick Facts

Target age: 9 - 12 years old

Length of class: 2 hours

Frequency: Twice a week

Availability:

Tuesday and Thursday at Chester Hill

Duration: 10 weeks per term;

4 terms a year

Pre-requisites: Student must be competent in reading Quran/Arabic sentences

The Kids Arabic program aims to provide fun and comprehensible input to students, optimising their Arabic learning journey. The program will complete the العربية بين يدي أولادنا series (12 books = 4 books a year) but will also extensively include activities such as Total Physical Reaction (TPR), Story-Listening and reading of picture books.

The program is four hours a week, to ensure students receive sufficient comprehensible input. The program acknowledges the busy schedules of students, so homework will be limited to enjoyable activities such as watching videos and eventually reading picture books.

The program aims that by the end of the second year students are able to express themselves in Arabic. By the end of the third year, students reach high language competence.
